Cumulative Author and Subject Matter Index for Vol. IX. (1938)

Research Quarterly of the American Association for Health and Physical Education

Numbers refer to: First — Number of issue; Second — Page Number, e.g. 3:114 refers to Number 3 (October), page 114.

Number 1, March; Number 2, May; Number 3, October; Number 4, December.

ADAMS, Edward Haygood
A Comparative Anthropometric Study of Hard Labor During Youth as a Stimulator of Physical Growth of Young Colored Women. 3:102.

ADMINISTRATIVE AND TEACHING PROBLEMS
Accidents in Physical Education Activities for College Women. Mary G. Fessenden. Sup. 1:67.
An Analysis of High School Girls' Basketball in Terms of Frequency of Occurrence of Technical Elements of the Game. Josephine E. Renshaw. Sup. 1:67.
Epidermomycosis Interdigitale: A Review of Literature. Virginia Cleary. Sup. 1:67.
The Physiologic and Anatomic Basis for the Selection and Limitation of Women's Motor Activities. Emma F. Waterman. Sup. 1:67.
A Practice Board Test of the Fundamental Strokes in Tennis. Jeanette Cutts. Sup. 1:67.
A Preliminary Analysis of the Game of Tennis, the Reliability of Certain Tennis Skill Tests, and the Determination of Practice Board Areas for Serve and Drive. Virginia Mynard. Sup. 1:67.
A Standardized Test for Measuring the Health Knowledge of Children in the Elementary Schools. Adelle M. McLoon. Sup. 1:67.
The Testing of Health Knowledge in the Third Grade. Carolyn J. Nice. Sup. 1:67.

AFFLECK, G. B.
Selected Bibliography for 1937. 4:128.

ART
Movement in Representative Art. Margaret L. Krolik. Sup. 1:120.

ASHCRAFT, Kenneth (and Granville B. Johnson and Jane Hunt)
A Further Study of Recreational Therapy. 1:60.

Basketball: Essential Differences Between the Two-Court and the Three-Court Game for Girls of Different Age Levels. Marjorie E. Fish. 4:69.

BEEBEE, Frederic Scripps
A Further Study of the Analysis of Movement on the Basis of Latent Times and Variabilities. 1:10.

The Behavior Pattern of Throwing and Some Observations Concerning its Course of Development in Children. Monica R. Wild. 3:20.

A Bibliography on Boxing. Armand J. Lottinville. 3:129.

BIGELOW, Mary D.
The Variations and Interrelations of the Last Lumbar Vertebra and Sacrum. 2:15.

BLANCHARD, V. S.
A Study of First-Aid Procedures Followed by Certain Secondary Schools in Detroit and Michigan. 1:77.

BODY TYPE AND WEIGHT PREDICTION. *Wellesley College Studies.* Sup. 1:115.
The Relation Between Certain Skeletal Measurements and Body Weight in 500 College Women. Marie Manchee. Sup. 1:115.
The Specific Gravity of the Human Body; An Approach to the Analysis of Body Weight into Muscle, Fat, and Bone Quotas. Mary B. Davies. Sup. 1:115.
A Study of Body Type and Its Relation to Normal Weight. Katherine E. Doyle. Sup. 1:115.
A Study of the Relation of Certain Skeletal Dimensions to Body Weight in 1030 Women of College Age. Marian M. Johnson. Sup. 1:115.

BOOK REVIEWS
1:159; 2:143; 3:154; 4:167.

BROER, Marion R. (and Ruth B. Glassow)
A Convenient Apparatus for the Study of Motion Picture Films. 2:41.

BROWN, Margaret C.
A Rating Profile for Student Teachers and Teachers of Physical Education. 3:73.

BURGE, E. L. et al. (See W. E. Burge)
The Effect of Exercise, Fatigue, and Exhaustion on the Electrical Potential, etc. 3:45.

BURGE, W. E. (R. Krouse, H. L. Terry, E. L. Burge, C. D. Monsson, and E. Koons)
The Effect of Exercise, Fatigue, and Exhaustion on the Electrical Potential of the Brain Cortex and Threshold of the Knee Jerk. 3:45.

CARPENTER, Aileen
A Critical Study of the Factors Determining Effective Strength Tests for Women. 4:3.
Strength, Power, and "Femininity" as Factors Influencing the Athletic Performance of College Women. 2:120.
A Study of Angles in the Measurement of the Leg Lift. 3:70.

CASSIDY, Rosalind
Recent Studies of American Adolescents as Guides for the Reorganization of the Secondary School Physical Education Program. 4:38.

CAVINS, Harold M.
A Study to Discover the Relative Numbers of Baseball Games Won at Home and Away from Home in the Major Leagues. 4:57.

CLARKE, H. Harrison
History of the Research Section of the American Association for Health and Physical Education. 3:25.

COLVIN, Valarie (and Ruth B. Glassow and Marguerite M. Schwarz)
Studies in Measuring Basketball Playing Ability of College Women. 4:60.

A Comparative Anthropometric Study of Hard Labor During Youth as a Stimulator of Physical Growth of Young Colored Women. Edward Haygood Adams. 3:102.

A Comparison of the Academic Grades and Intelligence Scores of Participants and Nonparticipants in Intramural Athletics at the University of Kentucky. C. W. Hackensmith and L. Miller. 1:94.

A Convenient Apparatus for the Study of Motion Picture Films. Ruth B. Glassow and Marion R. Broer. 2:41.

COTTRELL, Elmer Bert
Standards for the Selection of Persons to be Trained for Placement in Health and Physical Education. 2:63.
COZENS, Frederick W.
A Fall Decathlon for Track Squads. 2:3.
A Critical Analysis of Test Elements Used in Physical Education. Arthur J. Wendler. 1:64.
A Critical Study of the Factors Determining Effective Strength Tests for Women. Aileen Carpenter. 4:3.
DICKINSON, Russell E. (and W. W. Tuttle)
A Simplification of the Pulse-Ratio Technique for Rating Physical Efficiency and Present Condition. 2:73.
DYER, Joanna Thayer
Revision of the Backboard Test of Tennis Ability. 1:25.
The Educational Responsibilities Outside the Classroom of Women Instructors of Physical Education in the State of Indiana. Hilda M. Schwen. 4:81.
The Effect of Exercise, Fatigue, and Exhaustion on the Electrical Potential of the Brain Cortex and Threshold of the Knee Jerk, W. E. Burge, E. L. Burge, R. Krouse, H. L. Terry, C. D. Monsson, and E. Koons. 3:45
The Effect of Maturation on Physical Skill as Measured by the Johnson Physical Skill Test. Lindsey D. Keeler. 3:54.
The Effect of Rule Changes upon the Distance Traversed by Basketball Players. Paul J. Fay and Lloyd L. Messersmith. 2:136.
Evaluating the Effectiveness of Supervision for Student Teachers. Mabel E. Rugen. 3:89.
EVERTS, Edgar W. (and Gordon J. Hathaway)
The Use of a Belt to Measure Leg Strength Improves the Administration of Physical Fitness Tests. 3:62.
EXERCISE AND GROWTH
A Comparison of the Effect of Voluntary and Compulsory Training and Sedentary Living on Resistance to Infection. Florence H. Knauf. Sup. 1:24.
The Effect of Vitamin D Deficiency on Susceptibility to Infection. Dorothy Flint. 1:24.
The Effects of Certain Drugs on the Growth of Albino Rats. Ruth M. Sullivan. Sup. 1:24.
The Effects of Exercise and Fatigue Upon Resistance to Infection. Ida B. Merrill. Sup. 1:24.
A Study of the Effect of Exercise on the Growth and Bone Development of Albino Rats on a Diet Deficient in Vitamin D. Margaret S. Port. Sup. 1:24.
Exercise in Relation to Growth, Diet, and Resistance to Infection: Experiments with White Rats. Wellesley College Studies. Sup. 1:24.
Experiments in Health Education at the College Level. Paul D. Guernsey. 2:30.
Factors in Anteroposterior Posture. Wellesley College Studies. Sup. 1:89.
Fall Decathlon for Track Squads. Frederick W. Cozens. 2:3.
FARMER, Daniel (and Franklin Henry)
Functional Tests: II. The Reliability of the Pulse-Ratio Test. 2:81.
FAY, Paul J. (and Lloyd Messersmith)
The Effect of Rule Changes upon the Distance Traversed by Basketball Players. 2:136.
THE FEET
Kinesiology of the Human Foot. Ruth Anderson Calvin. Sup. 1:103.
Statistical Study Attempting to Develop an Objective Method of Grading Foot Posture. Li-Ming Hwang. Sup. 1:106.
FISH, Marjorie E.
Basketball: Essential Differences Between the Two-Court and the Three-Court Game for Girls of Different Age Levels. 4:69.
Food Habits of Sixth and Seventh Grade Pupils in the Elementary Schools of Chicago. Agnes B. Peterson. 4:75.
Functional Tests: II. The Reliability of the Pulse Ratio-Test. Franklin Henry and Daniel Farmer. 2:81.
A Further Study of the Analysis of Movement on the Basis of Latent Times and Variabilities. Frederic Scripps Beebee. 1:10.
A Further Study of Recreational Therapy. Jane Hunt, Kenneth Ashcraft, and Granville B. Johnson. 1:60.
GALLIGAN, G. E.
The Status of Intramural Athletics for Men in State Teachers Colleges. 2:58.
GLASSOW, Ruth B. (and Valarie Colvin and Marguerite M. Schwarz)
Studies in Measuring Basketball Playing Ability of College Women. 4:60.
GLASSOW, RUTH B. (and Marion R. Broer)
A Convenient Apparatus for the Study of Motion Picture Films. 2:41.
GLOSS, G. M.
What People Do in Their Spare Time. 2:138.
Grading Anteroposterior Standing Posture. Wellesley College Studies. Sup. 1:79.
GUERNSEY, Paul D.
Experiments in Health Education at the College Level. 2:30.
HACKENSMITH, C. W. (and L. Miller)
A Comparison of the Academic Grades and Intelligence Scores of Participants and Nonparticipants in Intramural Athletics at the University of Kentucky. 1:94.
HATHAWAY, Gordon J. (and Edgar W. Everts)
The Use of a Belt to Measure Leg Strength Improves the Administration of Physical Fitness Tests. 3:62.
HEALTH, HEALTH EDUCATION, HYGIENE
Experiments in Health Education at the College Level. Paul D. Guernsey. 2:30.
Food Habits of Sixth and Seventh Grade Pupils in the Elementary Schools of Chicago. Agnes B. Peterson. 4:75.
Motion Pictures in Health and Physical Education. William L. Hughes and Pauline E. Stimson. 1:104.
Physical Qualifications of the Navy's Applicants. H. D. Templeton. 1:3.
Professional Training in Health Education. Mary Gross Hutchinson. 3:37.
Student Housing Survey. David T. Loy and M. W. Husband. 1:100.
The Use of a Student Inquiry Form for Evaluating a Course in College Hygiene. E. F. Van Buskirk. 1:54.
HENRY, Franklin (and Daniel Farmer)
Functional Tests: II. The Reliability of the Pulse-Ratio Test. 2:81.
HENRY, Franklin M. (and Frank L. Kleeberger)
The Validity of the Pulse-Ratio Test of Cardiac Efficiency. 1:32.
History of the Research Section of the American Association for Health and Physical Education. H. Harrison Clarke. 3:25.
HUGHES, William L. (and Pauline E. Stimson)
Motion Pictures in Health and Physical Education. 1:104.
HUNT, Jane (and Kenneth Ashcraft and Granville B. Johnson)
A Further Study of Recreational Therapy. 1:60.
HUSBAND, M. W. (and David T. Loy)
Student Housing Survey. 1:100.
HUTCHINSON, Mary Gross
Professional Training in Health Education. 3:37.
HUTTO, Louis Edgar
Measurement of the Velocity Factor and of

Athletic Power in High School Boys. 3:109.

IRWIN, Leslie W.
A Study of the Relationship of Dominance to the Performance of Physical Education Activities. 2:98.

JACKSON, C. O.
The Status of Physical Education in the Accredited Secondary Schools of Illinois. 1:47.

JOHNSON, Granville B. (and Jane Hunt and Kenneth Ashcraft)
A Further Study of Recreational Therapy. 1:60.

KEELER, Lindsey D.
The Effect of Maturization on Physical Skill as Measured by the Johnson Physical Skill Test. 3:54.

KLEEBERGER, Frank L. (and Franklin M. Henry)
The Validity of the Pulse-Ratio Test of Cardiac Efficiency. 1:32.

KOONS, E. et al. (see W. E. Burge)
The Effect of Exercise, Fatigue, and Exhaustion on the Electrical Potential of the Brain Cortex and Threshold of the Knee Jerk. 3:45.

KROUSE, R., et al. (see W. E. Burge)
The Effect of Exercise, Fatigue, and Exhaustion on the Electrical Potential of the Brain Cortex and Threshold of the Knee Jerk. 3:45.

LANGE, Elizabeth (and Naomi Russell)
Studies Relating to Achievement Scales in Physical Education Activities. 4:43.

Lateral Curvatures of the Spine. Wellesley College Studies. Sup. 1:99.

LEHMAN, Harvey C.
The Most Proficient Years at Sports and Games. 3:3.

LLOYD, Frank S.
The Research Specialist: His Role in Teacher Education. 4:33.

LOTTINVILLE, Armand J.
A Bibliography on Boxing. 3:129.

THE LOWER BACK
An Investigation Into the Causes of Back Pain. Enid Schnauber. Sup. 1:108.
Pelvic Obliquity: Its Measurement and Importance in Physical Efficiency. M. Esther Shaw. Sup. 1:108.
A Study of the Bony Variations and Interrelations of the Last Lumbar Vertebra and Sacrum. Mary D. Bigelow. 2:15.

LOY, David T. (and M. W. Husband)
Student Housing Survey. 1:100.

McCLOY, C. H.
X-Ray Studies of Innate Differences in Straight and Curved Spines. 2:50.

McELROY, H. N.
A Report on Some Experiments with a Skill Test. 3:82.

Measurement of the Velocity Factor and of Athletic Power in High School Boys. Louis Edgar Hutto. 3:109.

MESSERSMITH, Lloyd L. (and Paul J. Fay)
The Effect of Rule Changes upon the Distance Traversed by Basketball Players. 2:136.

METHENY, Eleanor
Studies of the Johnson Test as a Test of Motor Ability. 4:105.

MILLER, L. (and C. W. Hackensmith)
A Comparison of the Academic Grades and Intelligence Scores of Participants and Nonparticipants in Intramural Athletics at the University of Kentucky. 1:94.

MONSSON, C. D., et al. (see W. E. Burge)
The Effect of Exercise, Fatigue, and Exhaustion on the Electrical Potential of the Brain Cortex and Thershold of the Knee Jerk. 3:45.

The Most Proficient Years at Sports and Games. Harvey C. Lehman. 3:3.

MOTION PICTURES
Motion Pictures in Health and Physical Education. William L. Hughes and Pauline E. Stimson. 1:104.
A Convenient Apparatus for the Study of Motion Picture Films. Ruth B. Glassow and Marion R. Broer. 2:41.

MOTOR ABILITY PROBLEMS
Posture Achievement and Its Relation to Mental and Motor Ability. Harriet S. Reeder. Sup. 1:57.
The Relation Between Musical Talent and Dancing Capacity. Yeh-Mei Chen. Sup. 1:57.
The Relation Between Various Measures of Mental and Physical Traits. Elizabeth Halsey. Sup. 1:57.
The Relation of Motor Ability to That Phase of Mental Ability Concerned in Judgments of Time, Movement, Distance, Position, Velocity, and Weight, and to Motor Attitudes and Associations. Helen B. Schleman. Sup. 1:57.
The Relationship Between Physical Capacity and Athletic Ability Among College Women. Virginia M. Kling. Sup. 1:57.
Rhythm: A Survey of Literature with Special Emphasis on the Relation of Rhythm to Physical Education. Lois Ellfeldt. Sup. 1:57.
A Study of the Relationship Between the Sense of Rhythm and Dilemma Reaction Time. Mary B. Nevius. Sup. 1:57.
A Study of the Subcostal Angle of Four Hundred Women and Its Alleged Relation to Vital Index, Body Type, and Motor and Mental Ability. Guzin Ihsan. Sup. 1:57.

Movement in Representative Art. Margaret L. Krolik. Sup. 1:120.

NEUROMUSCULAR FUNCTION AND DEVELOPMENT. *Wellesley College Studies.* Sup. 1:37.
Alertness as a Physiometric Element in Athletic Motor Ability. Dorothy R. Benson. Sup. 1:37.
An Analytical Study of the Elements of Motor Ability with Special Reference to Coordination. Ethel L. Martus. Sup. 1:137.
Further Evidence for Decrementless Conduction in Narcotized Region of Nerve. Lucinda H. Rice. Sup. 1:37.
Further Studies in Reaction Time in Relation to Motor Ability. Matilda Shelby. Sup. 1:37.
Further Study on the Measurment of Muscular Power and Its Relationship to Strength and General Motor Ability. Maud C. Causey. Sup. 1:37.
Further Study of the Elements of Motor Ability with Special Reference to Coordination. Mary E. Morse. Sup. 1:37.
The Measurement of Power and Its Relationship to Strength and General Motor Ability. Arvilla E. Nolan. Sup. 1:37.
Reaction Time with Choice as an Element of Motor Ability. Louise F. Gray. Sup. 1:37.
The Reliability of Reaction Time Tests. Dorothy E. Dunning. Sup. 1:37.
A Statistical Study of a Modified Form of the Martin Test. Helen R. Sexton. Sup. 1:37.
A Study in Bimanual Erography: The Masking of Fatigue Effects Through Variation in Innervation. Mary S. Doupe. Sup. 1:37.
A Study of the Relationship Between the Strength and Power of the Muscle Groups Used in Forearm Flexion and Grip. R. Ruth Baird. Sup. 1:37.
The Treppe Phenomenon in Mammalian Skeletal Muscle: An Experimental Study of Its Conditions, and a Discussion of Its Practical Significance in Muscular Exercise. Carol M. Rice. Sup. 1:37.

NICHOLS, Elizabeth C.
Physical Education at Amherst. 2:88.
Objectives and Student Interests in Physical Education. (No author listed.) Sup. 1:5.
Participation in Non-Required Activities by Physical Education Major Students. Frederick Prosch. 3:59.

PETERSON, Agnes B.
Food Habits of Sixth and Seventh Grade Pupils in the Elementary Schools of Chicago. 4:75.
Physical Education at Amherst. Elizabeth C. Nichols. 2:88.

PHYSICAL FITNESS AND ENDURANCE. *Wellesley College Studies.* Sup. 1:10.
Alkali Reserve and Hemaglobin as Factors in Fitness. Miriam W. Taylor. Sup. 1:11.
A Cardiovascular Test of Fitness. Margaret S. Poley. Sup. 1:11.
A Further Study of the Relation Between Oxygen Debt and Athletic Endurance. Helen L. Russell. Sup. 1:12.
A Laboratory Basal Metabolism Apparatus. Julia R. Grout. Sup. 1:11.
Mathematical Analysis of the Rate of Payment of Oxygen Debt After Vigorous Exercise. Doris Snodgrass. Sup. 1:12.
The Metabolic Cost of a Standard Exercise: A Study of Women Subjects of Various Ages, Training, and Habits of Living. Vivian D. Collins. Sup. 1:11.
The "Physiological Cost" of Some of the Activities Used in Physical Education. Josephine L. Rathbone. Sup. 1:11.
The Relation Between Oxygen Debt and Athletic Endurance. Mary Yeaton. Sup. 1:12.
A Study of the Factors of Physical Endurance. Anna S. Espenschade. Sup. 1:11.
A Study of the Relation of Oxygen Debt to Endurance. Helen L. Fredrickson. Sup. 1:11.
A Study of the Reliability of Maximum Oxygen Debt Determinations. Alma V. Wyche. Sup. 1:11.
A Study of the Reliability of Oxygen Debt Determinations. Dorothy Jane Adair. Sup. 1:11.
A Study of the Reliability of Oxygen Debt Determinations with Shortened Preliminary Rest Periods. Elaine M. Dear. Sup. 1:12.
A Study of Various Cardiovascular Tests. Elizabeth Circle. Sup. 1:11.
A Study of Venous Pressure and Pulse Rates in Realtion to Endurance and Motor Ability. Dorothy A. DeVries. Sup. 1:11.
The Validation of Functional Measurements of Endurance. Marjorie P. Phillips. Sup. 1:11.
Physical Qualifications of the Navy's Applicants. H. D. Templeton. 1:3.
Postural Relations in Walking. Wellesley College Studies. Sup. 1:95.

POSTURE
An Analysis of the Changes Which Occur in the Posture of Wellesley College Students with Special Reference to Those Who Receive a Superior Grade on Entrance. Selena B. Knight. Sup. 1:89.
Chronological Variations in the Posture of Children Ages One to Seven and Ten to Thirteen. Katharine N. Maples. Sup. 1:79.
Endurance of Abdominal and Neck Flexor Muscles as a Factor in Posture. Helen R. Clarke. Sup. 1:89.
The Objective Evaluation of Standards and Types of Posture. Harriet P. Rawles. Sup. 1:79.
An Objective Method of Grading Posture. Charlotte MacEwan. Sup. 1:79.
An Objective Method of Grading Posture Applied to Girls of Preschool and Elementary School Age. Clarice N. Wade. Sup. 1:79.
An Objective Method of Measuring the Anteroposterior Posture of Children of Elementary School Age. Katharine F. Wells. Sup. 1:79.
Posture: A Consideration of the Anterior Posterior Relationships of the Parts of the Body. Carolyn Tarbell. Sup. 1:79.
The Relation of Directed Physical Education to Posture Improvement. Isabelle M. Kirch. Sup. 1:89.
The Reliability of Anteroposterior Gravity Line Measurement and Its Relationship to Posture. Mary G. Crowley. Sup. 1:89.
Statistical Study Attempting to Develop an Objective Method of Grading Foot Posture. Li-Ming Hwang. Sup. 1:106.
A Study of the Factors Influencing the Posture of School Children. Frances C. Dennett. Sup. 1:79.
A Study of the Measurement of the Anteroposterior Gravity Line and Its Relationship to Posture. Barbara B. Johnston. Sup. 1:89.
A Study of Posture in Walking. Charlotte Thompson. Sup. 1:98.
A Study of the Posture of College Undergraduates. Esther L. Spargo. Sup. 1:89.
A Study of the Posture Training Values of Various Activities. Sylvia J. Burt. Sup. 1:89.
Study of the Relation of Standing Posture to Habitual Carriage. Ellen Kelly. Sup. 1:97.
A Study of Relationship Between the Changes in the Position of the Body Segments When "Natural" Standing Position Is Altered to "Best" Standing Position. Grace R. King. Sup. 1:89.
Trunk Strength and Flexibility as Factors in Posture. M. Elizabeth Powell. Sup. 1:89.
Problems Related to Administrative and Teaching Procedures in Hygiene and Physical Education. Wellesley College Studies. Sup. 1:67.
Problems Related to Motor Ability. Wellesley College Studies. Sup. 1:57.
Professional Training in Health Education. Mary Gross Hutchinson. 3:37.

PROFESSIONAL TRAINING
Evaluating the Effectiveness of Supervision for Student Teachers. Mabel E. Rugen. 3:89.
Professional Training in Health Education. Mary Gross Hutchinson. 3:37.
A Rating Profile for Student Teachers and Teachers of Physical Education. Margaret C. Brown. 3:73.
Standards for the Selection of Persons to be Trained for Placement in Health and Physical Education. Elmer Bert Cottrell. 2:63.

PROGRAMS
Participation in Non-Required Activities by Physical Education Major Students. Frederick Prosch. 3:59.
Physical Education at Amherst. Elizabeth C. Nichols. 2:88.
The Status of Intramural Athletics for Men in State Teachers Colleges. G. E. Galligan. 2:58.
The Status of Physical Education in the Accredited Secondary Schools of Illinois. C. O. Jackson. 1:47.
A Study of First-Aid Procedures Followed by Certain Secondary Schools in Detroit and Michigan. V. S. Blanchard. 1:77.

PROSCH, Frederick
Participation in Non-Required Activities by Physical Eduction Major Students. 3:59.
A Rating Profile for Student Teachers and Teachers of Physical Education. Margaret C. Brown. 3:73.
Recent Studies of American Adolescents as Guides for the Reorganization of the Secondary School Physical Education Program. Rosalind Cassidy. 4:38.

RECREATION
The Educational Responsibilities Outside the Classroom of Women Instructors of Physical Education in the State of Indiana. Hilda M. Schwen. 4:81.
The Most Proficient Years at Sports and Games. Harvey C. Lehman. 3:3.
What People Do in Their Spare Time. G. M. Gloss. 2:138.
A Report on Some Experimentation with a Skill Test. H. N. McElroy. 3:82.

RESEARCH—Athletics
Basketball: Essential Differences Between the Two-Court and the Three-Court Game for Girls of Different Age Levels. Marjorie E. Fish. 4:69.
The Effect of Rule Changes upon the Distance Traversed by Basketball Players. Paul J. Fay and Lloyd L. Messersmith. 2:136.
A Fall Decathlon for Track Squads. Frederick W. Cozens. 2:3.
The Most Proficient Years at Sports and Games. Harvey C. Lehman. 3:3.
Strength, Power, and "Femininity" as Factors Influencing the Athletic Performance of College Women. Aileen Carpenter. 2:120.
A Study to Discover the Relative Numbers of Baseball Games Won at Home and Away from Home in the Major Leagues. Harold M. Cavins. 4:57.
Studies in Measuring Basketball Playing Ability of College Women. Ruth B. Glassow, Valarie Colvin, and Marguerite M. Schwarz. 4:60.

RESEARCH—Miscellaneous
The Behavior Pattern of Throwing and Some Observations Concerning Its Course of Development in Children. Monica R. Wild. 3:20.
A Comparison of the Academic Grades and Intelligence Scores of Participants and Nonparticipants in Intramural Athletics at the University of Kentucky. C. W. Hackensmith and L. Miller. 1:94.
Recent Studies of American Adolescents as Guides for the Reorganization of the Secondary School Physical Education Program. Rosalind Cassidy. 4:38.
The Research Specialist: His Role in Teacher Education. Frank S. Lloyd. 4:33.
Student Housing Survey. David T. Loy and M. W. Husband. 1:100.
A Study of the Behavior of Boy Campers. Alvin Zander. 2:128.
A Study of Falls in Skiing. Raymond Elmer Smart, Jr.

RESEARCH—Physiological
A Comparative Anthropometric Study of Hard Labor During Youth as a Stimulator of Physical Growth of Young Colored Women. Edward Haygood Adams. 3:102.
Effect of Exercise, Fatigue, and Exhaustion on the Electrical Potential of the Brain Cortex and Threshold of the Knee Jerk. W. E. Burge et al. 3:45.
Functional Tests: II. The Reliability of the Pulse-Ratio Test. Franklin Henry and Daniel Farmer. 2:81.
A Simplification of the Pulse-Ratio Technique for Rating Physical Efficiency and Present Condition. W. W. Tuttle and Russell Dickinson. 2:73
The Research Specialist: His Role in Teacher Education. Frank S. Lloyd. 4:33.
Revision of the Backboard Test of Tennis Ability. Joanna Thayer Dyer. 1:25.

RUGEN, Mabel E.
Evaluating the Effectiveness of Supervision for Student Teachers. 3:89.

RUSSELL, Naomi (and Elizabeth Lange)
Studies Relating to Achievement Scales in Physical Education Activities. 4:43.

SCHWARZ, Marguerite M. (Ruth B. Glassow, and Valarie Colvin)
Studies in Measuring Basketball Playing Ability of College Women. 4:60.

SCHWEN, Hilda M.
The Educational Responsibilities Outside the Classroom of Women Instructors of Physical Education in the State of Indiana. 4:81.

Selected Bibliography for 1937. G. B. Affleck. 4:128.
A Simplification of the Pulse-Ratio Technique for Rating Physical Efficiency and Present Condition. W. W. Tuttle and Russell E. Dickinson. 2:73.

SMART, Raymond Elmer, Jr.
A Study of Falls in Skiing. 4:97.
Smoking and Its Effect Upon Visual Accommodation. Wellesley College Studies. Sup. 1:30.

SMOKING AND VISUAL ACCOMMODATION
The Effects of Smoking with Particular Reference to Visual Accommodation. Ruth Stevenson. Sup. 1:31.
A Further Study on the Effect of Smoking on Visual Accommodation. Louise Schutz. Sup. 1:30.
Further Studies on the Effect of Smoking on Visual Accommodation. Constance L. Newbury. Sup. 1:30.
The Immediate and Delayed Effects of Smoking on Visual Accommodation Time. Jean M. Homewood. Sup. 1:31.
A Questionnaire Survey of the Extent of the Smoking Habit and Its Effects on Motor and Scholastic Achievement Among Wellesley College Students. Mary M. Yost. Sup. 1:31.
A Study of the Effect of Smoking on Controlled Associative Reaction Time. Sara L. Huston. Sup. 1:31.
A Study of the Effect of Smoking on the Threshold of Visual Stimulation and the Speed of Visual Accommodation and A Questionnaire Survey of the Extent of the Smoking Habit and Its Effect on Motor and Scholastic Achievement Among Women College Students. Jane Couch. Sup. 1:30.
A Study of the Effect of Smoking on Visual Accommodation, Reaction Time, and Enunciation Time. Joy B. Rinaldo. Sup. 1:31.

SPINAL CURVATURES
Objective Method of Measurement of Scoliosis and Its Application in Thirty-One Cases. Barbara Andrews. Sup. 1:100.
The Relationship Between Variations in the Anteroposterior Curves of the Spine and Scoliosis. Loraine Frost. Sup. 1:99.
Standards for the Selection of Persons to be Trained for Placement in Health and Physical Education. Elmer Bert Cottrell. 2:63.
The Status of Intramural Athletics for Men in State Teachers Colleges. G. E. Galligan. 2:58.
The Status of Physical Education in the Accredited Secondary Schools of Illinois. C. O. Jackson. 1:47.

STIMSON, Pauline E. (and William L. Hughes)
Motion Pictures in Health and Physical Education. 1:104.
Strength, Power, and "Femininity" as Factors Influencing the Athletic Performance of College Women. Aileen Carpenter. 2:120.
Student Housing Survey. David T. Loy (and M. W. Husband). 1:100.
A Study of Angles in the Measurement of the Leg Lift. Aileen Carpenter. 3:70.
A Study of the Behavior of Boy Campers. Alvin Zander. 2:128.
A Study of First-Aid Procedures Followed by Certain Secondary Schools in Detroit and Michigan. V. S. Blanchard. 1:77.
A Study of the Relationship of Dominance to the Performance of Physical Education Activities. Leslie M. Irwin. 2:98.
A Study to Discover the Relative Numbers of Baseball Games Won at Home and Away from Home in the Major Leagues. Harold M. Cavins. 4:57.

A Study of Falls in Skiing. Raymond Elmer Smart, Jr. 4:57.
Studies Relating to Achievement Scales in Physical Education Activities. Naomi Russell and Elizabeth Lange. 4:43.
Studies in Measuring Basketball Playing Ability of College Women. Ruth B. Glassow, Valarie Colvin, and Marguerite M. Schwarz. 4:60.
Studies of the Johnson Test as a Test of Motor Ability. Eleanor Metheny. 4:105.

TEMPLETON, H. D.
Physical Qualifications of the Navy's Applicants. 1:3.

TERRY, H. L., et al. (see W. E. Burge)
The Effect of Exercise, Fatigue, and Exhaustion on the Electrical Potential of the Brain Cortex and Threshold of the Knee Jerk. 3:45.

TESTING
A Critical Study of the Factors Determining Effective Strength Tests for Women. Aileen Carpenter. 4:3.
A Critical Analysis of Test Elements Used in Physical Education. Arthur J. Wendler. 1:64.
The Effect of Maturation on Physical Skill as Measured by the Johnson Physical Skill Test. Lindsey D. Keeler. 3:54.
A Further Study of the Analysis of Movement on the Basis of Latent Times and Variabilities. Frederic Scripps Beebee. 1:10.
The Measurement of General Motor Ability for College Women. Dorothea M. Lensch. Sup. 1:49.
Measurement of the Velocity Factor and of Athletic Power in High School Boys. Louis Edgar Hutto. 3:109.
An Objective Measure of Motor Ability of College Women. Jean H. Harris. Sup. 1:49.
A Report on Some Experimentation with a Skill Test. H. N. McElroy. 3:82.
Revision of the Backboard Test of Tennis Ability. Joanna Thayer Dyer. 1:25.
A Study of Angles in the Measurement of the Leg Lift. Aileen Carpenter. 3:70.
A Study of the Relationship of Dominance to the Performance of Physical Education Activities. Leslie W. Irwin. 2:98.
Studies Relating to Achievement Scales in Physical Education Activities. Naomi Russell and Elizabeth Lange. 4:43.
Studies of the Johnson Test as a Test of Motor Ability. Eleanor Metheny. 4:105.
A Subjective Criterion of Motor Ability and the Proportional Contributions to Motor Ability of Certain Physiometric and Somatometric Factors. Helen Parker. Sup. 1:49.
Tests for Predicting Potential Ability in Gymnastics and Tumbling. Eugene Wettstone, M.A. 4:115.
The Validity of the Pulse-Ratio Test of Cardiac Efficiency. Franklin M. Henry and Frank L. Kleeberger. 1:32.
The Use of a Belt to Measure Leg Strength Improves the Administration of Physical Fitness Tests. Edgar W. Everts and Gordon J. Hathaway. 3:62.
Tests and Analysis of General Motor Ability. Wellesley College Studies. Sup. 1:49.
Tests for Predicting Potential Ability in Gymnastics and Tumbling. Eugene Wettstone. 4:115.

THERAPEUTICS
A Further Study of Recreational Therapy. Jane Hunt, Kenneth Ashcraft, and Granville B. Johnson. 1:60.
Variations and Interrelations of the Last Lumbar Vertebra and Sacrum. Mary D. Bigelow. 2:15.
The Behavior Pattern of Throwing and Some Observations Concerning Its Course of Development in Children. Monica R. Wild. 3:20.
A Comparison of the Academic Grades and X-Ray Studies of Innate Differences in Straight and Curved Spines. C. H. McCloy. 2:50.

TUTTLE, W. W. (and Russell E. Dickinson)
A Simplification of the Pulse-Ratio Technique for Rating Physical Efficiency and Present Condition. 2:73.
The Use of a Belt to Measure Leg Strength Improves the Administration of Physical Fitness Tests. Edgar W. Everts and Gordon J. Hatheaway. 3:62.
The Use of a Student Inquiry Form for Evaluating a Course in College Hygiene. E. F. Van Buskirk. 1:154.
The Validity of the Pulse-Ratio Test of Cardiac Efficiency. Franklin M. Henry and Frank L. Kleeberger. 1:32.

VAN BUSKIRK, E. F.
The Use of a Student Inquiry Form for Evaluating a Course in College Hygiene. 1:154.
The Variations and Interrelations of the Last Lumbar Vertebra and Sacrum. Mary D. Bigelow. 2:15.

WALKING
A Study of Posture in Walking. Charlotte Thompson. Sup. 1:98.
Study of the Relation of Standing Posture to Habitual Carriage. Ellen Kelly. Sup. 1:97.

WELLESLEY COLLEGE STUDIES
Body Type and Weight Prediction. Sup. 1:115.
Exercise in Relation to Growth, Diet, and Resistance to Infection: Experiments with White Rats. Sup. 1:24.
Factors in Anteroposterior Posture. Sup. 1:89.
The Feet. Sup. 1:103.
Foreword. Elizabeth Powell and Eugene C. Howe. Sup. 1:4.
Grading Anteroposterior Standing Posture. Sup. 1:79.
Index to Authors. Sup. 1:124.
Lateral Curvatures of the Spine. Sup. 1:99.
The Lower Back. Sup. 1:108.
Movement in Representative Art. Margaret L. Krolik. Sup. 1:120.
Neuromuscular Function and Development. Sup. 1:37.
Objectives and Student Interests in Physical Education. Sup. 1:5.
Physical Fitness and Endurance. Sup. 1:10.
Postural Relations in Walking. Sup. 1:97.
Preface. Ruth Elliott. Sup. 1:3.
Problems Related to Administrative and Teaching Procedures in Hygiene and Physical Education. Sup. 1:67.
Problems Related to Motor Ability. Sup. 1:57.
Smoking and Its Effect Upon Visual Accommodation. Sup. 1:30.
Tests and Analysis of General Motor Ability. Sup. 1:49.

WENDLER, Arthur J.
A Critical Analysis of Test Elements Used in Physical Education. 1:64.

WETTSTONE, Eugene
Tests for Predicting Potential Ability in Gymnastics and Tumbling. 4:115.
What People Do in Their Spare Time. G. M. Gloss. 2:138.

WILD, Monica R.
The Behavior Pattern of Throwing and Some Observations Concerning Its Course of Development in Children. 3:20.

X-Ray Studies of Innate Differences in Straight and Curved Spines. C. H. McCloy. 2:50

ZANDER, Alvin
A Study of the Behavior of Boy Campers. 2:128.
